Golfnology™

Integrated Systems Model

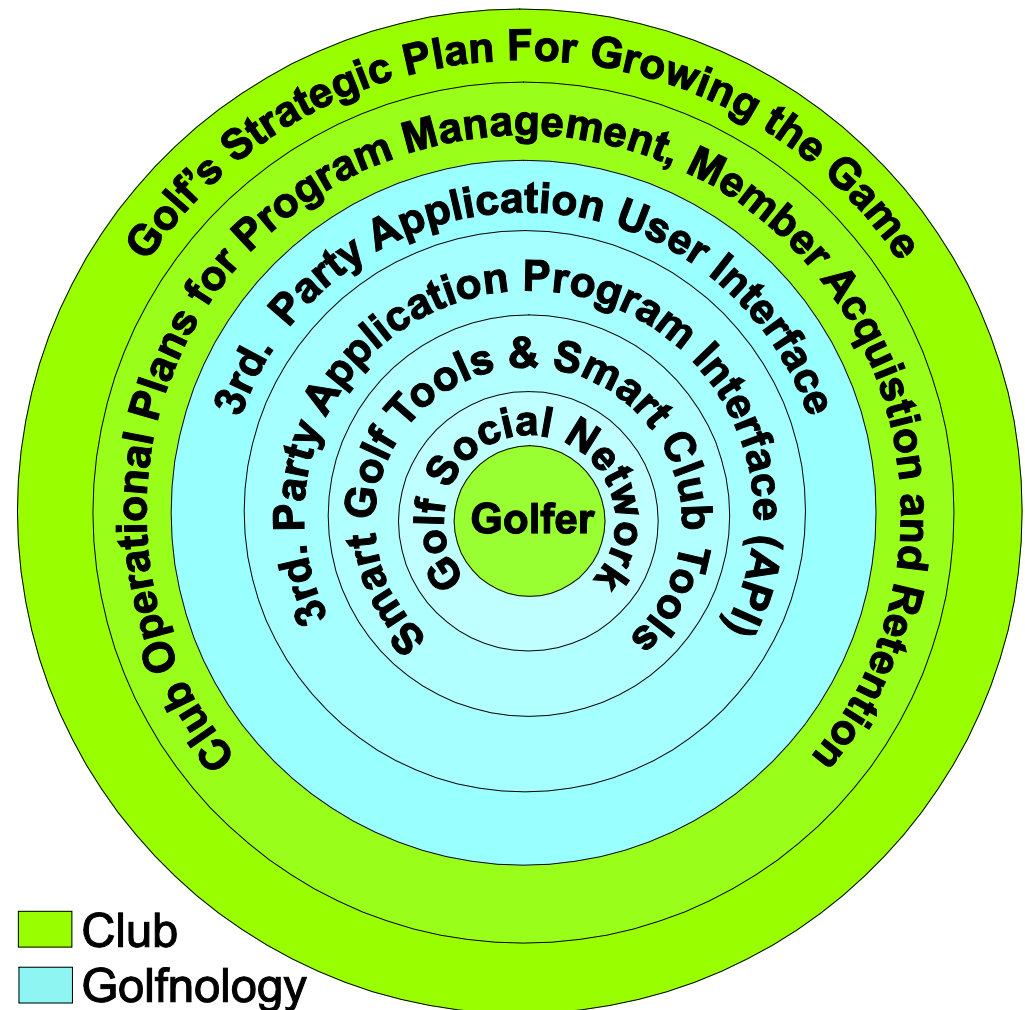

A synergistic relationship between golfers, clubs and golf, Golfnology provides the networking foundation and golf tools for clubs and golfers that drive user support and growth into the future.

In addition, clubs can grow their digital program at a convenient and practical pace through the integration of specialized third party applications through Golfnology's Application Program Interface (API).

Build a lucrative real time on-line gaming business for your golf club limited only by your builder's imagination.

Key components include:

- Golf Social Network
- Smart Golf Tools
- Smart Club Tools
- Application Program Interface
- Application User Interface

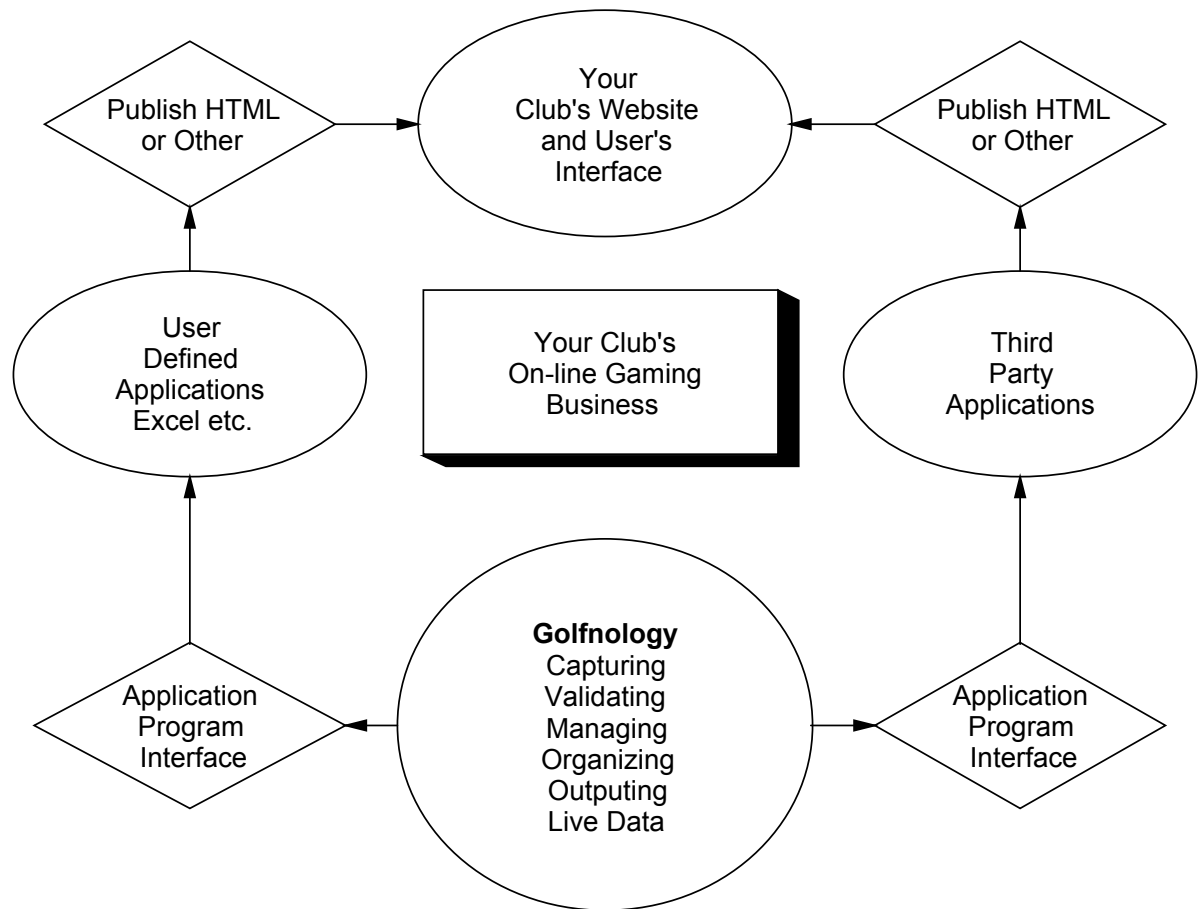

Golfnology™

On-line Gaming Business for Golf Clubs

Golfnology provides the integrated smart technology to both golfers and clubs for capturing, validating, managing, organizing and outputting live data that can be captured by user defined applications created using spreadsheets or third party applications targeting specific golf functions such as men's night competitions.

Gaming statistics are published to your golf club's website making it the focal point of information for both your member and green fee golfers.

Golfnology's club tools automate program generation, player registration, management and outputting results for typical and never before possible club program activities like pop-up and cross course, xCourse™, competitions.

Golfnology™

Integrated Systems Methodology for Golf Clubs

Dynamic Golf Social Network™	Dynamic Smart Golf Tools™	Application Program Interface (API)	Dynamic Application User Interface
<p>The Golf Social Network forms the foundation of Golfnology and enables the wide variety of social structures that exist in the golf community.</p> <p>Golfers can connect, communicate, compete and share their Smart Golf Life™, in real time, with friends anywhere in the world.</p> <p>Branding and networking at the golfer, private group and club levels provides unlimited opportunity for golfers, clubs to have and provide a more fun and rewarding golf experience.</p>	<p>The Smart Golf Tools interface with the social network structure providing golfers and clubs with the tools to drive the ongoing use, support and growth of Golfnology into the future.</p> <p>The numbers of golf are looked after for golfers automatically thus levelling the playing field for all golfers, regardless of ability.</p> <p>Clubs are provided with the tools to utilize real time golfer data to provide unique, rewarding and never before possible golf experiences to member and green fee golfers.</p>	<p>Clubs can grow their digital program by integrating new and useful software into Golfnology through its Application Program Interface (API).</p> <p>If necessary, run stand alone for starters and integrate at a pace that's practical and convenient when the new application has been proven.</p> <p>Golfnology's methodology ensures a streamlined and effective digital program into the future, as well as, guarantees data integrity across multiple specialized user applications by eliminating duplicate data.</p>	<p>Integrate with Golfnology's user interface or keep the application interfaces that come with third party applications, it's your choice.</p>

GlobalView Golf™ & Golfnology™

Integrated Systems Software for the Smart Golfer™ and Smart Golf Course™

Dynamic Golf Social Network™	Dynamic Smart Golf Tools™	Application Program Interface (API)	Dynamic Application User Interface

● Expansion through the API

GlobalView Golf™ & Golfnology™

Technology Advantages

- Typical club manual golf program functions are fully automated in an easy to use, dynamic, cloud based application accessible from smart phones, tablets and computers. This enables clubs to provide all golfers never before possible unique and rewarding golf experiences
- Integrated systems ensure data integrity is maintained across multiple user applications by eliminating duplicate data
- Time and costs of integrating custom developed, third party applications is reduced through access to the common golf data libraries via Golfnology's Application Program Interface (API)
- Implementing technology is planned and controlled at the club level ensuring the best opportunity for success

Implementation, Including Third Party Applications

- Creation of an implementation and support team
- Assessment of known opportunities and constraints
- Definition of goals
- Definition of steps, roles and objectives
- Technology roll out
- Progress and results evaluation

GlobalView Golf™ & Golfnology™

Golfer Benefits

Managing your Smart Golf Life™ has never been easier. Features include:

- Automatically and transparently maintain a handicap index, even an official USGA™ (Golf Canada™) index if you're a member
- Your score, both gross and net, can now be used in multiple competitions between your friends, private group members, club members and even in cross course **XCOURSE™** individual, group, club and global competitions
- Always compete on a level playing field as your handicap and strokes are automatically calculated for any course you are playing so you are competitive with golfers of any ability on your course or any other course in the world
- Forget about golf's numbers like your handicap index, strokes per hole, gross score, net score, and points on either or any other golf number for that matter. Golfnology takes care of all your numbers in the background in a totally transparent manner
- Track of your friend's **shared** real time scores from any computer, smart phone or tablet, from anywhere in the world
- Generate competition simulations between you and friends with ease and output results to screen or Excel spreadsheet for further analysis and competition record keeping
- Private message a friend's Smart Golf Card™ in real time
- Arrange your rounds with your friends and private group members from a single application using friend and group threaded conversation posts
- Create private groups, communities, based on interests outside of golf and have unique golf activities with like minded golfers
- Create event image libraries and upload pictures in real time

GlobalView Golf™ & Golfnology™

Club Benefits

Keep engaged with your members and your members engaged with golf. Use Golfnology to build a golf business, limited only by the builder's imagination. Features include:

- Use the pop up competition generators to reward any type, class, age or gender of golfer, **member or green fee golfer** on your course, for their actual play using gross or net scores, anytime and without them actually knowing they were playing in a competition
- Generate ongoing competition statistics for your members like most skins, most birdies, best gross/net score and others with the touch of a button
- Generate and manage, from a single screen, complex tournament scenarios for your members. Utilize the major business tools of the internet, such as email and application notifications, from within the Smart Club Tools to keep eligible players informed, up-to-date and engaged. The real time leader boards, output to a big screen TV in the club house and posted on your web site keep all interested parties engaged in real time
- Generate competition results for posting on your club web site with ease
- Keep your dynamic **Instant Message of the Day** in front of every golfer's Smart Golf Card on your course and attached to every historical round ever played on your golf course
- Know of and provide incentives for all junior golfers in your area to join and play at your course
- Build communities based on interests outside of golf and provide unique golf activities for the members
- Connect with your members utilizing the internet's major business tools without having to acquire special permissions
- Create event image libraries and upload pictures and share them in real time

GlobalView Golf™ Key Screens

User's Golf Profile

Users can update their key golf profile data on this screen:

- Choose your **Home Course**
- Update your membership **Status**
- Update you're **My Index** with your official golf index for competitions requiring an official USGA index
- Enter your **GolfNet NetworkId** that enables posting of scores captured by the Smart Golf Card directly to your official USGA (Golf Canada) accounts with the touch of a button.
- View your **automatically maintained** internal **vAdvantage Index™**
- See how many strokes you get at your home course tees

The screenshot shows the 'JimmyB's Golf Profile' page. At the top, there's a navigation bar with 'My Profile', 'Golf Tools', 'Club Tools', and 'GlobalView'. The user's name 'JimmyB' and 'Log Out' are in the top right. The profile section includes: 'Home Course: GlobalView Golf Club' with an 'Add Course' link; 'Status: Member'; 'My Index: 15.3' and 'vAdvantage = 15.3'; and 'Strokes: Mens - Blue Tees - 18 Holes - 17 Strokes - B Class, Mens - White Tees - 18 Holes - 16 Strokes - B Class, Mens - Yellow Tees - 18 Holes - 16 Strokes - B Class'. There's an 'Update Golf Profile' button. On the right, there's a 'GolfNet NetworkId' field with the value '1941697' and a photo of a golfer. Below the profile, there are sections for 'Today's Round' (No rounds today!), 'Friends Playing Today' (No friends playing today!), 'Upcoming Rounds' (listing 'Black Bear Ridge Golf Course' on Aug 26, 'Manderley on the Green' on Sep 16, and 'Timber Banks Golf Club' on Oct 14), 'Club Tourneys' (No club tourneys pending!), and 'GlobalView Competitions' (No competitions pending!). The footer contains copyright information: '© 1998 - 2017 GlobalView Golf - Division of 1414896 Ontario Inc. This site doesn't hold detailed personal or financial data.' and social media icons.

My Index: – Important Note

Both the official USGA and GlobalView vAdvantage indexes are calculated using the same algorithm which enables clubs to include non USGA index equipped golfers in club competitions either individually or with golfers who have an official USGA index. This allows clubs to engage green fee players, as well as club members, in competitions promoting the club's unique on-line gaming program to everyone.

GlobalView Golf™ Key Screens

User's GlobalView

The screen that a user lands on after **Log In** and hub of the user's Smart Golf Life™. Single click access features include:

- Add/change your avatar
- Event galleries and upload pictures
- Historical Smart Golf Cards (SGC)
- Friend's GlobalView screens
- Private message a friend from the friend's GlobalView screen
- Find new friends by user name and send friend requests
- Start and reply, to threaded conversations with optional email notifications
- Today's Smart Golf Card Summary (SGCS).
- Friends playing today shared real time SGCS
- Scheduled Upcoming Rounds, Club Tourneys and GlobalView Competitions SGC
- Notifications and Private Messages

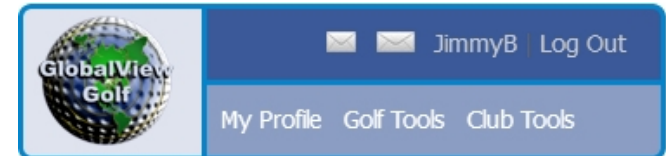

The screenshot shows a user profile for 'JimmyB' on the GlobalView Golf website. The profile includes a navigation bar with 'My Profile', 'Golf Tools', 'Club Tools', and 'GlobalView'. The user's name is 'JimmyB's GlobalView' and they are a 'Member'. Their home course is 'GlobalView Golf'. Other details include: Gender: Male, Index: 15.3, Smart Golf Card™ Rounds: View, Country: Canada, Joined: May 08, 2013, Last Session: Mar 13, 2017, and No Ads Status: Life Time Member. There is a 'Find Friend' button and a search input field for 'Friend's username!'. A message from GlobalView Golf encourages users to support their favorite golf course or club. Below the message, it states 'JimmyB has 14 friends' and shows a row of 14 small profile pictures. The 'Conversation Posts and Replies' section shows a post from JimmyB on 2016-08-26 about grabbing a tee time at Equinelle, and a reply from Winterhawks on 2017-02-01 saying 'I'm in, cya at 1.'. On the right side, there are sections for 'Today's Round' (No rounds today!), 'Friends Playing Today' (No friends playing today!), 'Upcoming Rounds' (Black Bear Ridge Golf Course on Sat, Aug 26 at 09:00 and Timber Banks Golf Club on Sat, Sep 16 at 12:00), 'Club Tourneys' (No club tourneys pending!), and 'GlobalView Competitions' (No competitions pending!).

GlobalView Golf™ Key Screens

Smart Golf Card™

Smart Golf Card replaces golf's traditional score card and can be used on any computer, smart phone or tablet. Features include:

- Automatic calculation of each player's handicap based on the tee ratings
- Automatic assignment of strokes to every hole based on the hole handicap rating
- Any number of players on the scorecard
- One smart phone required to score for your group and the card can be passed between other players on the card if necessary
- Point and click, instant save to add or change player's scores, no typing required
- Electronic attesting of each player's score
- Automatic updating of handicap index after score attested
- Optional posting differential record to Golf Canada if player is a member
- Simultaneous inclusion in individual(s), group(s), club(s) and global competitions
- Smart phone responsive as shown

GlobalView Golf™ Key Screens

Smart Golf Card Summary™

The Smart Golf Card Summary tells you exactly where you stand from every golf numbers perspective, in real time, and is accessible with a single click on any computer, smart phone or tablet. Features include:

- Simple swipe down on the screen to update
- Swipe right or left on the screen to move between the Smart Golf Profiler and/or the Smart Golf Card
- Single click toggle on or off round **Sharing** with your friends
- List of group(s), club and global competitions for this card
- Single click to view a friend's shared Smart Golf Card Summary
- Attest your round and post to Golf Canada if you're a member
- Permanent record for future analysis
- Smart phone responsive as shown

The screenshot shows the 'JimmyB's Smart Golf Card™ Summary' page. At the top, there's a navigation bar with 'My Profile', 'Golf Tools', 'Club Tools', and 'GlobalView'. The main content area includes:

- Course:** Prescott Golf Club | **Date:** Wed, Aug 31 at 07:56
- Track:** Mens Eighteen | **Tees:** White | **Sharing:** Hide Round
- Scorer:** JimmyB | **Scorecard:** 122
- Notifications: No Prescott Golf Club tournaments, GlobalView competitions, or announced group competitions assigned to this scorecard.
- Message from Prescott Golf Club:** Have a great day.
- There are 4 players on this scorecard.**
- Player list: JimmyB | groupuser2 | groupuser1 | Winterhawks |

The scorecard is split into two sections:

Scorecard Profiler (Holes 1-9):

Hole	1	2	3	4	5	6	7	8	9	Out
Par	4	4	4	3	5	4	4	4	3	35
Score	4	5	5	3	7	6	5	3	3	41
